

Asbestos Agreement

I, _____, as owner/builder or contractor of record for the project located at _____, agree on this _____ day of _____, 20_____ that I will comply with the provisions of Florida Statute 469.003 and to notify the Department of Environmental Protection at 305-289-7070 of my intent to demolish/renovate a structure at the above address and remove asbestos, when applicable, in accordance with state and federal law.

 Owner/Builder or Contractor's Signature

 Owner/Builder or Contractor's Printed Name

 Date

Note: if you suspect that asbestos is present in the structure to be worked on you should contact a licensed Asbestos Consultant for testing. Asbestos may be found in pipe wrappings and other material used for fire resistance.

Owner Builder Disclosure Statement: State law requires asbestos abatement to be done by licensed contractors. You have applied for a permit under an exemption to that law. The exemption allows you, as the owner of your property, to act as your own asbestos abatement contractor even though you do not have a license. You must supervise the construction yourself. You may move, remove, or dispose of asbestos-containing materials on a residential building where you occupy the building and the building is not for sale or lease, or the building is a farm outbuilding on your property. If you sell or lease such building within 1 year after the asbestos abatement is complete, the law will presume that you intended to sell or lease the property at the time the work was done, which is a violation of this exemption. You may not hire and unlicensed person as your contractor. Your work must be done according to all local, state, and federal laws and regulations which apply to asbestos abatement projects. It is your responsibility to make sure that people employed by you have licenses required by state law and by county or municipal licensing ordinances.

NOTARY STATE OF _____
